> A more-or-less accurate list of the guys that can supply the kit
> is listed in the ARRL publication, "Gateway to Packet Radio."

I have seen this ad:

Digicom for Commodore 64 (Nuts + Volts, Feb 93, p11):
Crawford Amateur Radio Society
R.D. #1, Box 101
Guys Mills, PA 16327
\$49 + \$4 shipping
Catalogue \$1

Hope this helps!

Hi all;

Just got my basic certification yesterday and am now in the market for a handi talki with the goal (once cash flow improves) of getting into packet.

Shopping around Ottawa, I have narrowed my selection down to two units:

- 1) ICOM IC-P2AT 2m band @ \$375 canadian; and
- 2) ICOM IC-24AT 2m and 440 @ \$460.

I am really new to all this and would like some advice on how I should proceed. Is the addition of 440 worth 85 canadian (aprox 43 cents US ;>). Any general comments about these radios?

Please remember that the untimate goal is to set up a packet station and also to have some fun with Satelites.

73 de VE3XMJ (Dave Mercer)

PS. If there are any packeteers out there from the Ottawa area, I would love to hear from you.
